

Do you or someone you know:

- Have experience with health care research and methodology, policy, and/or systems?
- Have a background in privacy or data analytics?
- Have an interest in shaping the future of healthcare research in NB?
- Are able to commit to monthly meetings?

If so... The New Brunswick Institute for Research, Data and Training (NB-IRDT) invites you to join the Data Research Committee!

What are we doing?

NB-IRDT collects and uses administrative data to carry out research that informs policymaking in New Brunswick. The Data Research Committee reviews project applications, provides feedback on draft reports, and supports the data transfer process between GNB and NB-IRDT.

How can you help?

We are looking for a citizen team member with the aforementioned background and experience to join the Data Research Committee and help guide research at NB-IRDT. If this is you, we invite you to reach out to us

We look forward to hearing from you!
